## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not disclose a hand-held housing, including a socket adapted to connect to a service port of an automobile air conditioning system an internal passage in communication with the socket; a pressure gauge disposed in the housing and selectively in communication with the internal passage, and a valve interposed between the internal passage and the gauge, the valve biased into a closed position sealing off the internal passage from the pressure gauge, wherein when the socket is engaged to a service port of an automobile air conditioning system, gas from the automobile air conditioning system enters the socket, passes through said valve, and is read by the pressure gauge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
